Auction Zip #33067

Terms of the Sale: All bids and payments in U.S. Currency, Cash or check with proper id. **Picture ID required to receive bid number.** No items to be removed until settled for. The auctioneer and the consignors shall not be responsible for any accident or loss. Sold as is where is. No guarantees or warranties expressed or implied. Statements made sale day will take precedence over any printed advertisement. **No credit cards.**

Absentee bid policy: Absentee bids may be submitted by mail, email or phone. Email is the best. Stan can't be reached by phone on Thursday, Friday, Saturday & Sunday after 4:00 PM Central Time. If you need to contact us during these times call Bill Roads at 641-485-4557. Bid by lot number with the maximum amount you wish to bid for each lot. Also please indicate if you are willing to go "**one increment higher**" if your high bid is taken on the floor. Your bid will be entered competitively at one bid increment over the next highest bid or 50 per cent of your maximum bid, whichever is higher. Thus you may purchase your item for less than your maximum bid. A 5% handling charge (minimum of \$3.00 total) will be added to the selling price of winning absentee bids, plus shipping, insurance and sales tax if applicable. If insurance is not purchased we will not be responsible for loss or damage. Don't be afraid to submit "low-ball" bids. You could win some bargains. We have listed the box lots that will be sold choice wrench and absentee bids will be accepted on these listed items. Just give us the lot number and item number when submitting your bids.

Please include your phone number or email address as all absentee bidders will be notified by phone or by email. Notification will be about Tuesday or Wednesday after the sale as it takes 2 to 3 days to sort, weigh, wrap, and determine the shipping charges.

A WORD ON CONDITION: Because of the character of their use and storage wrench condition can hardly be judged to the same standards as other tools. I have tried to note all faults such as missing parts, cracks, pitting, over cleaning, repairs, etc. Likewise the wrenches in this auction that are in exceptional fine or excellent condition have been so noted, even a common wrench that has survived the years in almost unused condition is a rarity.

Other info

* Measurements are usually rounded off

* If a wrench is misnumbered in a photo the description number will prevail.

Order of Sale

Friday Oct.19 individual lots starting at Lot No. 700 the choice box lots 001 thru 007 and all box lots. Saturday Oct. 20. Remainder of the individual lots starting with No.1 Mathew Edal Dehorning Clipper
