ABSENTEE BID POLICY & AUCTION DETAILS

Absentee bids may be submitted by mail or phone to Ron Jensen (contact information on cover of catalog). Bid by lot number.

There are 90 box lots and they will be sold starting at 12:30 p.m. on Friday, September 20th. There are no description for these lots, study the photos and bid accordingly. The box lots will be sold as such, there will be no choice wrenches sold out of the box lots.

There are about 900 individual lots, which we will begin selling on Saturday morning at 9:00 a.m. We will take a half hour break for lunch at noon and then resume the sale continuing until finished.

Your bid will be entered competitively at one bid increment over the next highest bid, up to your maximum. A 5% handling charge (minimum of \$3.00 total) will be added to the selling price of a winning absentee bid, plus shipping, insurance and sales tax (where applicable). If insurance is not purchased, we will not be responsible for loss or damage. Do not be afraid to submit "low ball" bids, you could win some bargains.

Please include your phone number as all winning bidders will be notified by phone.

Notification will be Tuesday through Friday following the sale as it takes time to sort, weigh, wrap and determine shipping costs. Ron would like to have your bids by September 14th.

Lot No.	<p style="text-align: center;">Lot Descriptions (Pictures Including Unlisted Box Lots Are Below Last Description)</p>
